

Hempstead Beautification Day

Please join the Hempstead Chamber of Commerce for the 1st Annual "Hempstead Beautification Day."

The entire community is invited to participate in planting of 150 Crepe Myrtle trees at different locations around the city.

Logan's Run Tree Farm is generously donating the first 50 trees as well as consulting on the project.

Beautification Day also marks the Hempstead Sesquicentennial Committee's first event of the year. The Chamber is planting 150 trees to commemorate Hempstead's 150th Anniversary.

Individuals and groups are invited to meet at the Gazebo at 8:30 am on February 25th. Some will stay at the Gazebo and others will move to the 3 schools or City Hall.

Light refreshments to be provided by the Chamber.

Don't forget to bring your shovel!

Please join us in this celebration of Hempstead!
